Previous Staff/Board Action, Background Information and/or Statement of Need:

The Board is legally required to have a public hearing prior to the approval of the LCAP. The LCAP will be considered for approval at the next Board meeting.

Using data and local stakeholder input, the LCAP attempts to capture and reduce to writing what our school does well and areas for growth. It represents the goals of all stakeholders and includes the resources the schools allocate to reach these goals.

At each Board meeting, the Board and the public will be notified of the Schools' progress on the LCAPs' goals and are encouraged to provide their input.

The administrative staff in cooperation with our business office, and the Humboldt County Office of Education (HCOE) have developed the 2018-19 LCAP.

This document was developed in coordination with the development of the 2018-19 District budget. The draft has been reviewed by HCOE and Northern United - Humboldt Charter School business office.

The LCAP has three goals:

1. Northern United - Humboldt Charter School will improve student performance outcomes in the core academic areas.
2. Northern United - Humboldt Charter School will ensure that all students have access to an appropriate education and are provided ample opportunity to learn in environments that reflect 21st century learning.
3. Northern United - Humboldt Charter School will improve school climate and parent/community involvement to promote and cultivate a positive, safe environment for all.

Fiscal Implications:

The LCAP and budget mirror each other.

2018-2020 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

In order to fully understand our story, we have to discuss our past and why and how Northern United-Humboldt Charter School was created. When looking at our past, Mattole Valley Charter School (MVCS) was a dependent charter school sponsored by Mattole Unified School District. Opening their doors on September 17, 1998, MVCS filled an important niche of serving students seeking a non-traditional educational setting. Students and families looking for alternatives to the traditional educational setting chose MVCS for the following reasons: flexibility in school schedule, small learning environment, social atmosphere, special education services, credit deficiencies, personalize learning opportunities, small teacher to student ratio, individualized pacing and geographical isolation of families and students who needed educational options. Maintaining an enrollment of 750 students, MVCS served students in four contiguous counties in northern California. As stated, many of the students who attended MVCS lived in rural and lower income areas in which socioeconomic issues combined with geographical difficulties made homeschooling a way of life for many families. Without the alternative that was offered by MVCS, many students would have been educated outside the realm of public school and without support and accountability for student achievement. Because of MVCS's goal of meeting families' needs in a personalized nature, the educational programs adopted by MVCS reflected a spectrum of possibilities, including an independent study model in which parents provide most of the instruction with the credentialed teacher acting as advisor and meeting with the family regularly. Hybrid independent study models developed in which students met with credential instructors and attended small group classes. An independent model where students attended the majority of their instructional time at a learning center and instructed primarily by highly qualified, credentialed teachers was also an educational choice. With the wide range of options, the staff at MVCS believed that its well-developed educational program provided an important niche that needed to be met in our community. However, in compliance with the Court of Appeal's decision in Anderson Union High School District v. Shasta Secondary Home School (2016) 4 Cal.App.5th 262, Mattole Valley Charter School had to close its doors. This where our story begins. Northern United-Humboldt Charter School was developed to fill the niche that Mattole Valley Charter School had once filled. Northern United – Humboldt Charter School petitioned Humboldt County Office Education to become the first

countywide benefit charter in Humboldt County. Northern United – Humboldt Charter School’s petition was approved on February 14, 2018. Northern United - Humboldt Charter School will serve students in grades TK - 12. Northern United – Humboldt Charter School students will be educated through personalized learning programs. Within that context, students may participate in cooperative classes, learning centers, supplemental learning projects, distance learning via current technology and community based education. Parents who enroll their children in the Charter School are co-facilitators of their child’s education. The parents can become the primary facilitators in their children’s learning program if they choose. The Charter School will work with its students and parent facilitators by providing them with educational resources, an assigned independent study teacher, and access to a team of educational staff. Parents/guardians and their children may collaborate with their teachers to determine their educational goals and objectives, create their individualized curriculum, and determine their individual methods of teaching and learning. The program parents select determine the degree to which the teacher is involved. This involvement may vary from an advisory and assessment capacity to one of complete administration of the student learning process. Professional learning and parent education will be available and encouraged.

LCAP Highlights

Identify and briefly summarize the key features of this year’s LCAP.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA proudest of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

- 6/27/18; public hearing
- 6/28/17 adopted
- Northern United Humboldt Charter School does not have a bargaining unit

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

Stakeholder feedback resulted in the creation of our three goals. Stakeholders reported the desire for targeted instruction by tutors. Stakeholders requested PBIS and AVID programs to help reach stated goals. Counseling of students who are unable to access curriculum due to problems outside of school has been identified as a need and a priority. With stakeholders overwhelmingly reporting these needs, Northern United – Humboldt Charter School will work to employ intervention tutors.

Goal 1

Northern United-Humboldt Charter School will improve student performance outcomes in the core academic areas.

State and/or Local Priorities addressed by this goal:

State Priorities: 4, 8

Local Priorities:

Identified Need:

Stakeholder feedback helped to set our goals. Specifically, stakeholders have expressed the desire to have tutors available. This expressed need along with support from content specialists will help to close the achievement gaps in educational understanding. Equally important, stakeholders have expressed that there is a need to see support from counseling if students are unable to access their curriculum due to factors that are socioeconomic, psychological or other factors outside of the educational realm.

Once Northern United - Humboldt Charter School has data available on the California School Dashboard additional needs will be identified

Goal 2

Northern United - Humboldt Charter School will ensure that all students have access to an appropriate education and are provided ample opportunity to learn in environments that reflect 21st century learning.

State and/or Local Priorities addressed by this goal:

State Priorities: 1,2,7

Local Priorities:

Identified Need:

This goal is needed because available research sends a powerful message that 21st century high school teaching will require more than high-quality content-area instruction. Instead, high school preparation must intentionally and explicitly lead to college and career readiness. When high schools are organized around the provision of high-quality, postsecondary preparation and support, and school-wide expectations hold all adults responsible for supporting all students through postsecondary planning and college-going pursuits, students perform at higher levels than their peers in similar schools (Ascher et al., 2007). Once Northern United - Humboldt Charter School has data available on the California School Dashboard additional needs will be identified

Goal 3

Northern United - Humboldt Charter School will improve school climate and parent/community involvement to promote and cultivate a positive, safe environment for all.

State and/or Local Priorities addressed by this goal:

State Priorities: 3,5,6

Local Priorities:

Identified Need:

Stakeholder input shows that parents want to feel involved and part of their learning community. Stakeholder input shows that parents would like to see parent groups in which they might provide input into their student's educational process. Overall, parents desire an environment that is safe and feel safe and connected to their teachers.

Finally, this goal is needed because there is much research linking the importance of parent involvement in school with student success. According to the 2002 research review A New Wave of Evidence: The Impact of School, Family, and Community Connections on Student Achievement, Anne T. Henderson and Karen L. Mapp conclude that there is a positive and convincing relationship between family involvement and student success, regardless of race/ethnicity, class, or parents' level of education. Once Northern United - Humboldt Charter School has data available on the California School Dashboard additional needs will be identified

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2018-2019

Estimated Supplemental and Concentration Grant Funds Percentage to Increase or Improve Services

\$663,039.00

%20.18

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a school-wide or LEA-wide basis. Include the required descriptions supporting each school-wide or LEA-wide use of funds (see instructions).

The actions and services in Northern Humboldt Charter School's LCAP are targets toward supporting students with the greatest need and/or the lowest performance. An examination of students who are failing to meet expected outcomes revealed that students who are English learners, foster youth, homeless, and/or low income are continually overrepresented. The remaining students who are struggling do not fall into one of the targeted groups of students but are enrolled through out Humboldt County

Each student who is not meeting expected outcomes has a need for tiered services, more skilled teachers, and access to a strong Common Core-Based instructional program. By distributing focused actions and services through schoolwide or targeted services as appropriate, we intend to increase the rate of student success and reduce those in any demographic group who require special education services in order to be successful.

This year's LCAP, though baseline will be established in 18/19, includes actions and services intended to support both academic and social-emotional growth and success for students. Programs or services targeted to specific groups are included, as well as other actions or services that support our ability to meet the needs of struggling students regardless of where they are served. These actions/services are principally directed to the unduplicated students and are effective in meeting the needs of the unduplicated count.

The following are actions/services that are being funded by the Supplemental/Concentration grant and provided on a school-wide or LEA-wide basis.

Goal 1 action 2 Employ highly qualified content area specialists to provided resources to staff and students, primarily directed to unduplicated youth in order for them to make progress in content area standards. \$371,696

Goal 1 action 6 Employ EL coordinator to administer ELPAC test and support EL students. \$21,101

Goal 1 action 7 Offer academic, college/career and social/emotional counseling primarily directed to unduplicated youth. \$66,934 and \$37,773

Goal 1 action 8 Employ instructional aides to work with students in core academic areas, primarily focusing on unduplicated youth not excelling in Common Core State Standards. \$98,347

Goal 1 action 10 Provide curriculum, home and school supplies for unduplicated students. \$52,438

Goal 1 action 11 Provide internet and laptops to unduplicated students. \$3,750

Goal 1 action 13 Implement AVID school wide \$6,000

Goal 3 action 6 Expand and continue implementation of PBIS to support all students, primarily unduplicated. \$5,000

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow

the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)

- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)
- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the LCAP Template Appendix, sections (a) through (d).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, enter “Limited to Unduplicated Student Group(s)”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the

action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school's budget that is submitted to the school's authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the "Goals, Actions, and Services" section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by EC sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address

how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to and effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to and effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to and effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.
